mouth of the San Pedro, by S. Banerle.

Sample, in same locality, by Henry
Oetzman and Fred Geett.

ME. G. N. FREEMAN, Superintendent of
the McMillen mine, left the mine at mid-
night on Thursday the 18th ultimo, and
was in Florence at midnight Friday.

This was good time as the distance is
nearly ninety miles, but Mr. Freeman
concluded that his cargo of precious met-
als made delays dangerous in the moun-
tains, hence no time was lost in getting to
town, and early Saturday morning the
bullion was safely delivered to the care of
Wells, Fargo & Co., by whom it was for-
warded at once to San Francisco. This is
the first lot of bullion from the late strike;
it is reduced from the second-class ore
which will average between \$700 and \$1000
per ton. Mr. Freeman has shipped about
six tons of the first-class ore to San Fran-
cisco via Tucson. Tom Kerr's teams took
the ore and ought to be near Tucson by
this time. Assays made of this shipment
range all the way from \$300 to \$1000 per
ton, but it is believed the \$1000 assays are
the nearest the correct average. This ore is
of a different class from that in the stric-
um and will be a new wonder for the San
Francisco mining sharp.

A. BARNETT's train came in last week
from Tucson with 5000 tons of lumber for
the 76 mine, and 1000 tons for the Silver
King; also fifty vases and some merchan-
dise for Florence. On Saturday some of
his wagons came down from Picket Post
with 20,000 pounds of concentration from
the Silver King mill and 10,000 pounds
from the 76 mill. This is the first ship-
ment of concentration from the 76. Mr.
Barnett also had a large stock of general
merchandise for the store at Macnopa
Wells which will be conducted under the
firm name of C. Wellhoff & Co.

REV. WM. MEYER of the Presbyterian
Home Missionary Board, arrived in Flo-
rence last Friday, this having been desig-
nated as his field of labor for the present.
Mr. Meyer has appointed divine service
for next Sabbath evening at 7:30 o'clock in
the school building. He is a young man
just starting in his work and we trust a
large audience and every other possible
encouragement will be given him. Re-
member the hour, 7:30 p. m., and all are
cordially invited.

SHERMAN, HYDE & Co., have sent us
"When the Twilight Soft is falling," Song
and chorus by D. D. Hakes. A perfect
musical gem, and a rare combination of
sentiment, music and art. With illumined
title page and beautiful print. A pro-
duction replete with the tenderest emo-
tion, and whose merit demands no recom-
mendation other than an introduction.
Price 35 cents.

FRESH FRUIT.—A large load of fresh
fruit came in last evening from the Salt
River, sent over by the enterprising firm
of A. M. James & Co. The wagon stopped
at the O. K. Corral, and all who want a
choice article had better go early as one
wagon load went last very long in this
town.

A VERY refreshing shower fell in Flo-
rence on Wednesday evening, giving new
life to both the animal and vegetable
kingdoms, but owing to the extended
drought that has prevailed in this section,
it will require several copious rains before
the moisture penetrates any considerable
depth into the parched earth.

TENT FOR SALE.—A new tent twenty
feet long by fourteen feet wide, poles
ropes, pins, everything complete and in
perfect order, for sale cheap. For further
particulars enquire at THE CITIZEN office.

able mining property in the southern dis-
trict.

It was a pleasant surprise to meet Major
Towler of the Pay Department and his
gentlemanly clerk Mr. Vedder, who came
down on the 24th ultimo, to meet and pay
off Capt. Bailey's company which arrived
here on the 25th ultimo, en route from
Camp Thomas to Yuma and thence to
the Idaho war.

DR. S. B. CHAPIN accompanied by his
wife and sister, made a brief visit last
week to the Pima Agency where the Dr.
was summoned to properly arrange that
tribe's ration of the latest improved poison.
They returned late Sunday evening. Tow-
ler went also.

SUPERVISOR VOSHURG left for Globe on
Saturday last having completed his duties
in connection with the adjourned meet-
ing of the Board of Supervisors. Mr. Voshurg
seems to be faithful and fearless, and we
believe his official acts will meet with
popular approval.

J. COLLINGWOOD & Co., received yester-
day per train of Atropa, 1400 pounds of
merchandise for themselves; and 4007
pounds for consignment for L. J. Webster
of Globe City. They also shipped to San
Francisco through David Neahr of Yuma,
1240 pounds of silver concentration.

JUDGE ANDERSON went out to Picket
Post last night to look after Silver King
mining affairs during the absence of Su-
perintendent Mason in California.

Treatment of Prisoners in Our Coun- ty Jail.

Not many years since cruelty to ani-
mals was tolerated in the most civil-
ized portions of our country, and there
were no prohibitory laws upon the
statute books preventing it. Almost
simultaneously with the movement,
which began in New York City with
Prof. Berg, to prevent cruelty to ani-
mals, there sprung up in the public
conscience the emphatically civilized
and christian idea that cruelty to men
convicted of crimes is an evil rather
than a good. The object and spirit of
the laws of to-day in all civilized
States have therefore changed the rule
of barbarous times, and instead of cru-
el punishments we have substituted
restraints and efforts of reform.

But we seem to be more than an age
behind the times in this community.
To say nothing of the cruelty to ani-
mals daily practiced here, in the over-
driving and over-riding of the dumb
beasts who are the best friends of man
in Arizona, we have in our midst a
place and means of torture of men,
without the poor excuse of law, or ab-
sence of law, which approaches the
refinement of cruelty which has made
the name of Torquemada infamous for
all time. It is our county jail. It
would seem to be punishment enough
for a man accused merely of some petty
offense, to shut him up in an unven-
tilated box made of adobe, heated
daily during the present season to fur-
nace heat, and then leave him to swe-
ter night and day until he can prove
his innocence; but the officers of our
jail, not content with the infliction of
this misery seem to possess a relish
for inflicting the most cruel tortures.
Whether the prisoner be accused of a
grave or a petty crime makes no differ-
ence, he is shackled. Nor does it
make any difference whether he is one
likely to make efforts to escape or not,
he is shackled. Patent shackles are
used too, patented because they are
supposed to be so constructed as to
give the least pain to the prisoner, but
the device intended for that purpose
is carefully left off so as to render the
emasculated shackle as cruel as possi-
ble. And they are no respecters of
persons at the county jail. Everything
coming to their little mill comes to be
ground. We don't pretend to say who
is immediately responsible for all this
cruelty, which has no "justification in
law, nor in the advanced sentiments of
civilized communities." But there
must be a change. A better jail is
needed in the first place, and in the
second place officers capable of under-
standing the duty of "humanity to
man" under all conditions.

THE County Commissioners of Story
county (Nev.) have ordered that all
dangerous abandoned shafts be filled
up or covered over. Since the opening
of the mines of the Comstock many
men have lost their lives by falling
into old shafts. A number of men
reported missing—men who walked off
into the midnight, as were—
thought to have found graves at the
bottom of some of these old abandoned
shafts. No less than three skeletons
were found in one shaft a short dis-
tance below Gold Hill a few days ago.

malicious.

FALL RIVER, July 25.—Minie War-
ren, the well-known dwarf, died here
yesterday, in child-birth.

JAMES GORDON BENNETT reached
New York on the 16th instant. He
travels like a lord. For himself and
sister there were six servants, and his
luggage, as it lay upon the pier that
morning, outnumbered that of all the
other passengers taken together. There
were no less than 123 pieces and they
caused the custom officers a large
amount of trouble. The usual blanks
had been filed up and sworn to, stating
that the packages contained nothing
dutiable, but the officers felt obliged to
make an examination, and the servants
remained to unfasten the packages one
by one. It was a useless labor, for
there was nothing to be taxed. There
were innumerable trunks, traveling
bags and "traps," heaps of rugs, hat
boxes, bundles of canes, umbrellas,
rifles and shotgun cases, dressing box-
es and cases, and one case of pistols,
which the officer eyed critically but
did not open. In addition, there were
a large number of tightly-fastened cases
containing various sporting articles,
evidently new purchases, none of which
were opened.

VEGETINE
I Will Try Vegetine.
HE DID,
AND WAS CURED.

DELAWARE, O, February 16, 1877.

DR. H. R. STEVENS:

Dear Sir,—I wish to give you this testi-
mony, that you may know, and let others
know, what Vegetine has done for me.
About a year ago a small severe cold
came on my leg; it soon became a large Ulcer, so
troublesome that I consulted the doctor,
but I got no relief, growing worse from day
to day. I suffered terribly; I could not
rest day or night; I was so reduced my
friends thought I would never recover. I
consulted a doctor at Columbus, I follow-
ed his advice, it did no good. I can truly
say I was discouraged. At this time I was
looking over my newspaper, I saw your
advertisement of Vegetine, the "Great
Blood Purifier," for cleansing the blood
of all impurities, curing Humors, Ul-
cers, &c. I said to myself, I will try
some of the Vegetine. Before I had used
the first bottle I began to feel better. I
made up my mind I had got the right
medicine at last. I could now sleep well
nights. I continued taking the Vegetine.
I took thirteen bottles. My health is
good. The Ulcer is gone, and I am able
to attend to business. I paid about four
hundred dollars for medicine and doctors
before I bought the Vegetine. I have re-
solutely kept it, and I am a most excellent
man. I always keep a bottle of it in
the house now. It is a most excellent
medicine. Very respectfully yours,
F. ANTHONI.

Mr. Anthoni is one of the Physicians of
the United States, and is a member of the
F. Anthoni & Sons, of the firm of F.
Anthoni & Sons. Mr. Anthoni is exten-
sively known, especially among the Ger-
mans. He is well known in Cincinnati.
He is respected by all.

SALE OF BLOOD.—In morbid conditions
of the blood are many diseases, such as
scurvy, ring-worm, boils, carbuncles,
sores, ulcers and pimples. In this condi-
tion the blood is impure, and it is your duty
to cure these affections. As a blood purifier
it has no equal. Its effects are wonderful.
Very respectfully yours,
F. ANTHONI.

Vegetine
CURED HER.

DORCHESTER, MASS., June 11.

DR. H. R. STEVENS:
Dear Sir,—I feel it my duty to say one
word in regard to the use of one of the great-
est wonders of the world; it is your Vegetine.
I have been one of the greatest sufferers
for the last eight years that ever
man lived. I do sincerely thank you for
your Vegetine for the relief I
have got. The Rheumatism has pained
me to such an extent that my feet broke
out in sores. For the last three years I
have not been able to walk; now I can
walk and sleep and do my work as well
as ever I did, and I must say I owe it all
to your blood purifier, Vegetine.

MARGERY WELLS.
VEGETINE.—The great success of the
Vegetine as a cleanser and purifier of the
blood is shown beyond a doubt by the
great number who have taken it, and re-
ceived immediate relief, with such re-
markable cures.

Vegetine
IS BETTER
Than any Medicine.

HENDERSON, KY., December 2, 1877.
I have used H. R. Stevens' Vegetine,
and like it better than any medicine I
have used for purifying the blood. One
bottle of Vegetine accomplished more
good than all other medicines I have tak-
en.
THOS. LYNE.

VEGETINE is composed of Roots, Bark,
and Herbs. It is very pleasant to take;
every child likes it.
